1101. GENERAL INFORMATION

1. POLICY. The purpose of the U.S. Navy Uniform Regulations is to: (1) Provide descriptions of all authorized U.S. Navy uniforms and components, and (2) Provide guidance for all Navy activities prescribing uniform wear in order to present a uniform image world-wide. **It is issued by direction of the Chief of Naval Operations and carries the force of a General Order. Any procedures or components, regarding uniforms or grooming, not discussed in these regulations are prohibited.**

a. Applicability. The provisions of this manual apply to all personnel who are authorized to wear the U.S. Navy uniform. It is issued for information and guidance, and requires compliance when wearing naval uniforms. This manual is the sole source for dictating how to correctly wear U.S. Navy uniforms and uniform components. It supersedes UNITED STATES NAVY UNIFORM REGULATIONS, NAVPERS 15665I dated 25 August 1995, and all other existing directives on Navy uniforms. After 1 January 1996, Navy Uniform Regulations will be distributed quarterly via BUPERS Directives in CD ROM format and will contain revisions and updates to the 1995 manual. For distribution information, see <Link>.

b. Navy Uniform Board. Director, Navy Staff (CNO (N09B)) is charged by the Chief of Naval Operations, through the Navy Uniform Board, to continuously review U.S. Navy uniform matters. Composition and functions of the Navy Uniform Board are set forth below.

(1) Establishment and Organization. The Navy Uniform Board, reporting to the Chief of Naval Operations (CNO) via the Vice Chief of Naval Operations (VCNO), assists the CNO in discharging his responsibilities for naval uniform matters.

(2) Composition

(a) President: Director, Navy Staff (N09B). The President may designate the next senior board member as chairman in his/her absence.

(b) Regular Members: Commander, Naval Supply Systems Command; Special Assistant for Women's Policy (Pers-00W); Master Chief Petty Officer of the Navy; Fleet Master Chief, Atlantic; Fleet Master Chief, Pacific; Fleet Master Chief, U.S. Naval Forces Europe, and a senior enlisted woman with extensive sea duty experience to alternate between Atlantic and Pacific fleet. Regular members may designate an alternate voting member.

(c) Working Groups. The President, Navy Uniform Board is authorized to convene working groups as necessary to perform special functions and studies in carrying out the mission of the Navy Uniform Board.

(d) Permanent Staff. The President, Navy Uniform Board, will designate a post-tour Command Master Chief as the Assistant for Navy Uniform Matters. The permanent staff will support the President, Navy Uniform Board, in carrying out his or her responsibilities. The staff will establish a point of contact with the Commander in Chief, U.S. Atlantic Fleet; Commander in Chief, U.S. Pacific Fleet; Commander in Chief, U.S. Naval Forces Europe; Commander, Naval Reserve Force; and Chief of Naval Education and Training to ensure uniform concerns and recommendations of our people are presented to the Navy Uniform Board.

(3) Mission. The mission of the Navy Uniform Board is to consider any matter related to Navy uniforms in which a perceived problem exists or in which a possible improvement can be made. The Uniform Board will be guided by the uniform goals and policy established by the Secretary of the Navy and the CNO. The functions of the Board are to:

(a) Coordinate matters pertaining to individual clothing.

(b) Monitor implementation of uniform policy.

(c) Review and recommend specification changes concerning design, detail, and material of uniform items.

(d) Coordinate development and testing of proposed uniforms and implementation of approved uniform improvements.

(e) Monitor procurement, issue, and retail of Navy uniforms to ensure conformance with uniform regulations.

(f) Maintain and interpret U.S. Navy Uniform Regulations per uniform policy and decisions of CNO.

(g) Submit individual clothing allowances for CNO-approved seabag requirements directly to the Office of the Assistant Secretary of Defense (Personnel and Readiness) for approval.

(h) Maintain close liaison with the other services in matters concerning uniforms.

(4) Policy. Uniform changes shall be kept to a minimum and shall be in consonance with the history and traditions of the Navy.

(5) Action

(a) In carrying out the responsibilities above, the President, Navy Uniform Board, will:

1 Forward reports and recommendations to the CNO via VCNO.

2 Prepare approved changes to Navy Uniform Regulations and submit changes to NCTAMSLANT, Norfolk, VA for inclusion in the BUPERS Directive CD.

(b) Forward recommendations to be considered by the Navy Uniform Board through the chain of command (Command Master Chief, Commanding Officer, Immediate Supervisor in Charge, and Type Commander) with appropriate comments and recommendations, to President, Navy Uniform Board, Chief of Naval Operations (N09BU), 2 Navy Annex, Washington, DC 20370.

2. HISTORY. Historically, uniforms have been the product of a sailor's environment: physical, geographical and technical. Uniforms were provided for protection against the elements or to create distinction among specialists in a growing Navy. Foremost, however, was an element of simplicity providing a uniform that would not interfere with the Sailor's everyday tasks. Women's uniforms, on the other hand, were designed to duplicate civil-

ian fashion trends. Today's Navy has narrowed the gap between men's and women's career paths. Women now perform many of the same tasks and have the same specialties as their male counterparts. These changes necessitated a more definitive policy to bring the uniforms of both men and women more closely in line with each other.

3. ENFORCEMENT. These regulations define the composition of authorized uniforms. Navy uniforms are distinctive visual evidence of the authority and responsibility vested in their wearer by the United States. The prescribing authority determines when and where the uniforms in this manual are appropriate for wear. Uniforms and components shall be worn as described in these regulations. Navy personnel must present a proud and professional appearance that will reflect positively on the individual, the Navy and the United States. While in uniform, it is inappropriate and detracts from military smartness for personnel to have their hands in their pockets. Additionally, when walking from point to point while in uniform, it is inappropriate and detracts from military smartness for personnel to be smoking or using tobacco products, or to be eating and/or drinking. All personnel shall comply with these regulations and be available to teach others the correct wear of Navy uniforms. Exemplary military appearance should be the norm for uniformed personnel. These regulations describe all authorized U.S. Navy uniforms and the proper manner for their wear.

4. HEADGEAR

a. General. The cap/hat is an integral part of the uniform. Uniform headgear is not required to be worn when ships are at sea outside harbor limits, except on specific watches or on ceremonial occasions specified by the commanding officer or higher authority. Uniform headgear is required in port, unless safety prohibits wear, i.e., foreign object damage (FOD).

b. Outdoor Wear. Outdoors, personnel remain covered at all times unless ordered to uncover, or during religious services not associated with a military ceremony. Personnel remain covered during invocations or other religious military ceremonies such as changes of command, ships' commissionings and launchings, and military burials, etc. The chaplain conducting the religious ceremony will guide participants following the customs of his church.

c. Indoor Wear. Indoors, personnel shall remain uncovered at all times unless directed otherwise by

higher authority for a special situation/event. Those service members in a duty status and wearing side arms or a pistol belt may only remove headgear indoors when entering dining, medical or FOD hazard areas or where religious services are being conducted. Tiaras may be left on indoors.

d. Special Circumstances. A military cover may be removed when riding a bicycle on or off base. A safety helmet is recommended. Personnel may remove their cap or hat when traveling inside a private automobile or riding a bicycle off base. A cover is mandatory when entering or within a military reservation, unless wearing the cap is impractical or hazardous.

5. SHIPBOARD RESTRICTIONS

a. Polyester Uniforms. Do not wear 100% polyester uniforms (Certified Navy Twill) in any operating fire room. Wear only flame retardant clothing when engaged in hot work such as welding or brazing, and when exposed to open flame, such as during boiler light-off operations, or spark producing work such as grinding.

b. Skirts/Dress Shoes. Do not **wear** skirts or dress shoes (pumps/heels) aboard ship. The **wearing** of skirts or dress shoes (pumps/heels) are not prescribable or optional aboard ship. These items may be stored aboard ship optionally at the discretion of the service member and worn when immediately departing or returning to the ship.

c. Poromeric Shoes. Do not wear poromeric (e.g. corfam) shoes aboard ship for normal daily operations. Poromeric shoes may be worn when immediately departing or returning to the ship, or when specifically authorized by the commanding officer for ceremonial or other special occasions.

d. V-Neck/Sleeveless Undershirts. Do not wear V-neck/sleeveless undershirts aboard ship for normal daily operations. V-neck/sleeveless undershirts may be worn when immediately departing or returning to the ship, or when specifically authorized by the commanding officer for ceremonial or other special occasions.

e. Acrylic Cardigan and V-Neck Sweater. Do not wear acrylic cardigan or acrylic V-neck sweater aboard ship as an outergarment for normal daily operations. Acrylic cardigan may be worn under the chambray shirt in the same manner as the blue pullover jersey. Acrylic V-

neck sweater may be worn when immediately departing or returning to the ship, or when specifically authorized by the commanding officer for ceremonial or other special occasions.

6. CLOTHING REPLACEMENT ALLOWANCES

a. General. In Executive Order 10113 of 24 February 1950, the President has delegated to the Secretary of Defense the authority to prescribe the quantity and kind of clothing or cash allowances in lieu of clothing, for enlisted personnel.

b. Amount. Allowances are based on the useful wear life of the various uniforms. DOD Directive 1338.5 outlines the policies and regulations pertaining to allowances. DOD Instruction 1338.18, reissued annually, sets the amount of clothing replacement allowances. The Department of Defense Military Pay and Allowances Entitlements Manual is the authority for paying of clothing allowances.

c. Annual Clothing Replacement Allowance (CRA).

(1) CRA is a cash allowance provided for replacing a minimum quantity of each required uniform and paid over the estimated useful life of the articles. The uniform components and minimum required number of each are listed on <Tables 3-1-1 and 3-1-2>. While these are the minimum number required, members may acquire and maintain more than the initial issue at their own expense.

(2) CRA is for replacing uniforms.

Washing, dry cleaning, alterations, and repairs are the member's responsibility. Any unusual wear and tear, damage, or loss of various articles may result in out-of-pocket costs.

d. Command Replacement of Destroyed Uniform Items. Personnel assigned to duties which prematurely destroy uniform items should be issued coveralls or protective outer garments. Uniform items which are destroyed due to lack of adequate protective garments should be replaced by the command. For additional information refer to NAVSUP Manual P485.

1201. AUTHORITY TO PRESCRIBE

1. GENERAL. Navy personnel shall wear the uniform of their respective rate or rank as prescribed by the designated uniform prescribing authority.

2. PRESCRIBING AUTHORITY. The area/regional coordinators, as designated in Section 4 of Standard Navy Distribution List, OPNAV P09B2-105, are the prescribing authorities responsible for issuing and controlling uniform policy within the geographic limits of their assigned region <Table 1-2-1>. This authority shall not be delegated. The senior officer present is responsible for uniform policy afloat.

3. SENIOR OFFICER PRESENT AFLOAT (SOPA). SOPA ensures compliance with uniform policy, as issued by the prescribing authority, regarding liberty parties and members of the command operating ashore. This includes all occasions when personnel are ashore. The senior naval officer assigned to any joint command may prescribe the appropriate uniform, for naval personnel, stationed at the joint command using Table of Equivalent Service Uniforms, <Table 6-6-1>.

4. PRESCRIBED UNIFORMS. Prescribing authorities select uniforms, the individual does not. It is essential that suitable uniforms for ship and shore, dress and work are prescribed. Each designated region should consider its unique work environments, tenant commands and missions, climatic conditions, geographic location and public exposure. Generally, there will be only one uniform of the day authorized for wear at a given time and location. All military personnel, on naval shore activities must wear either the uniform of the day or appropriate civilian attire prescribed by the activity's prescribing authority. Military and civilian attire must

present a neatly groomed and socially acceptable appearance. When warranted by local circumstances, the prescribing authority may prescribe an alternate uniform. In that case, only the minimum number of uniforms required to meet local conditions will be prescribed. A specific uniform will be prescribed for functions involving the civilian community. Local commands may address special uniform requirements to the prescribing authority if a waiver is necessary.

5. REGULATIONS. Each prescribing authority will publish uniform guidelines. They must be punitively enforceable with the force of a general order and thus are recommended for review by the cognizant Judge Advocate to ensure enforceability. Each prescribing authority shall send a copy of their instruction to Chief of Naval Operations (N09BU), 2 Navy Annex, Room 1055, Washington, DC, 20370.

a. Guidance. The following guidance is for preparing regional uniform directives.

(1) When a departure from former uniform policy is planned, review the new policy with Navy uniform centers to ensure adequate availability.

(2) Consider potential financial impact which could occur from an abrupt shift in policy. (Early planning doesn't ensure spending).

(3) Area directives should specifically address uniform requirements for personnel in medical, industrial, or other unique jobs.

(4) Wearing nonstandard accoutrements, unauthorized combinations of uniform components, and locally designed uniform components is prohibited.

(5) Special Situations - Request waivers from the Chief of Naval Operations via the chain of command for any uniform requirements of training commands or officer accession commands that deviate from these regulations.

(6) Organizational clothing, i.e., foul weather jackets, green flight jackets, coveralls, etc., is authorized for wear with working uniforms **only during actual performance of special work or duties for which organizational clothing is designed.**

(7) E1-E6 personnel may only be required to wear items listed on <Tables 3-1-1 and 3-1-2>.

(8) Optional items may be worn but not required.

3. GOVERNMENT TRANSPORTATION. Navy personnel traveling aboard any military organic or commercial contracted (chartered) aircraft may wear civilian clothing when traveling on regular/emergency leave or Space A travel. Personnel on PCS or TAD orders may travel in civilian clothing unless otherwise directed by cognizant authority. Those who wear a uniform will observe regional travel requirements. Navy personnel must ensure that their dress or personal appearance is appropriate for the occasion and conforms to required standards set forth in Chapter 7. Members wearing civilian clothing will ensure it is warm enough for inflight operations and destination. Personnel traveling overseas should consult the DoD Foreign Clearance Guide for any particular uniform or civilian clothing requirements for their destination.

4. COMMERCIAL TRANSPORTATION. When traveling on commercial international flights, Navy personnel in a duty, leave, or liberty status will wear an appropriate

uniform or civilian clothing as required by the USAF Foreign Clearance Guide. For travel in the United States, Navy personnel using a commercial mode of transportation may wear appropriate uniform or civilian clothing.

5. COMMUTING

a. General. The prescribing authority may authorize working uniforms, except Navy Blue Coveralls, for commuting to and from work. Commuting is defined as a direct route from place of residence to place of work by means of a private vehicle, to include all travel aboard DOD-owned/controlled aircraft.

b. No person in the naval service shall have any article of wearing apparel belonging to any other person in the naval service without permission from proper authority.

3. EXCERPTS OF LAWS AND AMPLIFYING DIRECTIVES

a. Title 10, U.S. Code, Sec. 771 stipulates that no one person except members of the Army, Navy, Air Force, or Marine Corps, may wear

(1) The uniform, or a distinctive part of the uniform, of the Army, Navy, Air Force, or Marine Corps; or

(2) A uniform which has components similar to distinctive parts of Army, Navy, Air Force or Marine Corps uniforms.

b. Title 10, U.S. Code, Sec. 772 (e) states "The President, in Executive Order 10554 of 18 August 1954, delegated to the Secretary of Defense the authority to prescribe regulations under which persons not on active duty who served honorably in the Navy in time of war may wear uniforms." The following excerpts from DOD Instruction 1334.1 of 11 August 1969 outline these instructions and prescribe limitations for members of the Armed Forces.

(1) Members of the Armed Forces (including retired members and members of reserve components). Wearing of uniforms is prohibited under any of the following circumstances:

(a) Any meeting or demonstration which is a function of, or sponsored by an organization, association, movement, group, or combination of persons which the Attorney General of the United States has designated, pursuant to Executive Order 10450 as amended, as totalitarian, fascist, communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny others their rights under the Constitution of the United States by unconstitutional means.

(b) During or in connection with political activities, private employment or commercial interest, that imply official sponsorship of the activity or interest.

(c) When participating in activities such as public speeches, interviews, picket lines, marches, rallies or any public demonstration which implies the service supports the principles of the demonstration or activity. This rule may be waived by the service.

(d) When wearing of the uniform would discredit Armed Forces.

(e) When specifically prohibited by regulations of the department concerned.

(2) Former Members of the Armed Forces. Unless discussed in DOD Directive 1334.1 or Title 10 U.S. Code Sec. 772, former members who served honorably during a war and whose most recent service was terminated under honorable conditions, may wear the uniform of the highest grade held during their service only on the following occasions and during travel related to those occasions.

(a) Military funerals, memorial services, weddings and inaugurals.

(b) Patriotic parades or ceremonies in which any active or reserve United States military unit is taking part. Wearing of the uniform or any part of it at any other time or for any other purpose is prohibited.

(3) Medal of Honor Holders. Persons who have been awarded the Medal of Honor may wear their

uniform at any time except under the circumstances discussed in subparagraph b.(1) above.

(4) For Members of the Naval Service. The Secretary the Navy supports the following:

(a) Exercising the rights of freedom of speech and assembly does not include the right to use the inherent prestige and traditions represented by the uniforms of the naval service to promote privately held convictions on public issues.

(b) Members of the Navy and Marine Corps, including retired members and members of reserve components are prohibited from wearing uniforms of the naval service while attending or participating in a demonstration, assembly, or activity knowing that a purpose of the demonstration, assembly, or activity supports personal or partisan views on political, social, economic, or religious issues, except as authorized in advance by competent authority; or incident to attending or participating in a bona fide religious service or observance.

(5) Other Than Official Events. A commanding officer may authorize wearing the uniform when assured that the service member is not appearing in uniform at the particular event, to promote privately held convictions or interests, or lead the observers to believe that the demonstration, assembly, or activity does not relate to matters in public controversy.

4. DISTINCTIVE INSIGNIA. (Title 10 U.S. Code Sec. 773 refers). The Secretary of the Navy prescribed the following distinctive mark for members of military societies which are composed entirely of honorably discharged officers and enlisted personnel and the instructors and members of duly organized cadet corps. This distinctive mark is a diamond, 3-1/2 inches long in the vertical axis, made of any fabric, white on blue, forestry green, or khaki clothing and blue on white clothing. Wear this mark on all outside clothing on the right sleeve, at the point of the shoulder, placing the upper tip of the diamond 1/4 inch below the shoulder seam.

5. DISPLAY AND USE OF THE FLAG. (Title 36 U.S. Code Sec. 0176 refers).

a. Never fasten, display, use, or store the flag where it could be easily torn, soiled, or damaged in anyway.

b. The flag should never have placed upon it, or have attached to it any mark, insignia, letter, word, figure, design, picture, or drawing.

c. Never use the flag for advertising. It should not be embroidered on cushions or handkerchiefs and the like, printed or reproduced on paper napkins, boxes or anything that is disposable or used as part of a costume or athletic uniform.

1501. UNIFORM STANDARDS

1. STANDARD PHRASEOLOGY. When making official references to the uniforms, insignia, and grooming standards in any official publication, the terms set forth in these regulations shall be used.

a. Basic Uniform Components. Uniform items required as part of the basic uniform. These are the minimum items which must be worn unless the prescribing authority directs otherwise.

b. Prescribable Items. Uniform items which may be directed or authorized for wear with the basic uniform. Prescribable items may be worn with basic uniform at the individual's discretion unless otherwise directed.

c. Optional Items. Uniform items purchased at the wearer's expense, which may be worn with the basic uniform, but which are not prescribable. Optional items may be worn with the basic uniform at the individual's discretion unless otherwise directed.

d. Conspicuous. Obvious to the eye, attracting attention, striking, bright in color. Should blend with (not stand out from) a professional appearance in uniform. What is conspicuous on one person may not be noticeable on another. If attention is naturally drawn to or distracted from the professional appearance, it is conspicuous.

e. Conservative. Not conspicuous or detracting from the professional appearance while in uniform.

f. Faddish. A style followed for a short period of time with exaggerated zeal. Styles are

enduring, fads are generally short in duration and frequently started by an individual or event in the civilian community. Fads are generally conspicuous and detract from a professional appearance.

g. Compliments Skin Tone. A conservative color which contributes to the wearer's natural skin tone. Conservative colors are generally inconspicuous and do not detract from a professional appearance in uniform.

h. Phase-Out. Discontinue wear.

2. REGULATION CLOTHING AND INSIGNIA

a. LABEL. Uniform clothing, equipment and accessories issued or sold through the Navy Supply System are regulation and will be labeled like the following sample:

3. SMARTNESS.....	2101.3
4. CARE OF THE UNIFORM.....	2101.4
5. CLEANING.....	2101.5

2101. GENERAL INFORMATION

1. GENERAL. **The primary consideration is to have a neatly groomed appearance while wearing naval uniforms.** Grooming standards are based on several elements including neatness, cleanliness, safety, military image and appearance. The standards established here are not intended to be overly restrictive nor are they designed to isolate Navy personnel from society. The limits set forth are reasonable, enforceable, and insure that personal appearance contributes to a favorable military image. The difference between men's and women's grooming policies recognizes the difference between the sexes; sideburns for men, different hairstyles and cosmetics for women. Establishing identical grooming and personal appearance standards for men and women would not be in the Navy's best interest and is not a factor in the assurance of equal opportunity.

2. NAVY PERSONNEL ASSIGNED TO MARINE CORPS. Navy personnel assigned to Marine Corps units who elect to wear and are issued Marine Corps **service uniforms** at no expense, will abide by grooming standards established for Marines. Navy personnel assigned to Marine Corps units who do not elect to wear Marine Corps service uniforms will be issued only utilities and shall abide by grooming standards for Navy personnel.

3. SMARTNESS

a. Image. United States Navy personnel must set and maintain the high standards of smartness in uniform appearance. The military image reflected by attention to detail, while wearing your uniforms, is a key element in the public image of the Navy.

b. Cleanliness. Uniforms shall be kept scrupulously clean, with lace, devices and insignia bright and free from tarnish and corrosion.

c. Articles

(1) NO ARTICLES SHALL PROTRUDE FROM OR BE VISIBLE ON THE UNIFORM, including such items as electronic pagers/cellular phones (except when required in the performance of duty and issued by the command, a pager may be worn in an inconspicuous manner), pencils, pens, watch chains, key chain fobs, pins, jewelry, combs, large wallets, cigars, cigarettes, pipes, or similar items. (Jewelry, tie clasps, cuff links, shirt studs and earrings shall be worn as prescribed elsewhere in these regulations.)

(2) Bags (i.e. briefcases, gym bags, backpacks, lunch bags, suit cases, garment bags, etc. (this does not include women's handbags/purses)) shall be hand carried with the following exceptions: (1) Backpacks/gym bags may be worn when riding a bicycle or motorcycle, but shall be hand carried upon dismounting. (2) Women's Navy certified handbags shall be carried over the left shoulder or forearm, placing the top of the handbag at waist level. (3) A full seabag may be carried/worn on the shoulders. Bags should be carried in the left hand to facilitate saluting.

d. Glasses

(1) Prescription Glasses. No eccentric or faddish glasses are permitted. Retainer straps are authorized for FOD prevention and safety only. If retainer straps are required, they shall be plain, black and worn snugly against the back of the head.

(2) Sunglasses. Conservative sunglasses are permitted, except in military formations. Retainer straps are authorized for FOD prevention and safety only. If retainer straps are required, they shall be plain, black and worn snugly against the back of the head.

(3) Contact Lenses. Tinted contact lenses must be a natural color (blue, green, brown, etc).

e. Undergarments. Appropriate undergarments shall be worn to preserve the dignity and appearance of the uniform.

f. Military Creases. Military creases on shirts are an individual option. Sewn-in creases are not authorized. Military creases are formed by pressing two vertical creases in the front of the shirt, from the shoulder seam through the center of each pocket to the bottom of the shirt, and three evenly spaced vertical creases in the back of the shirt, from the yoke seam to the bottom of the shirt. Shirts which do not have a yoke seam across the back of the shirt as a reference point for placing three evenly spaced creases, start the outboard creases at the shoulder seam and the center crease at the seam where the

collar is attached to the shirt, ending all at the bottom of the shirt.

g. Tailoring of Uniforms. Uniforms may be tailored to provide a well-fitting, professional military bearing. They shall not be altered to the extent of detracting from a military appearance, nor shall they be tailored to the point of presenting a tight form fit.

4. CARE OF THE UNIFORM. The longest service of the various uniform articles can be attained only by proper care and maintenance. This information is presented to help prolong the useful life and distinguished appearance of uniforms and equipment. Even new, properly fitted uniforms will not continue to look their best or keep their shape unless you care for them properly. Carrying large or heavy objects in pockets will quickly destroy the shape of the best uniform. Uniforms should be stored on hangers. If uniforms are to be stored for a long time, they should be cleaned thoroughly, then packed away in an airtight plastic bag with a packet of desiccant (drying agent) for maximum preservation.

5. CLEANING

a. Buttons. Buttons may turn green when the pewter plating wears off and the copper base becomes covered with green copper carbonate due to exposure to moist air. You can remove the green coloring by rubbing gently with acetic acid or any substance containing this acid such as vinegar or Worcestershire sauce, followed by a thorough washing in clean water.

b. Embroidered Insignia. Embroidered insignia may be kept bright by occasional scrubbing with a nail brush and a diluted ammonia solution. Do this as soon as there are signs of tarnish or corrosion. If corrosion has been allowed to continue after it has gained a foothold, the device may not be restorable.

c. Gold Lace. Gold bullion lace will tarnish rapidly and may deteriorate when in contact with or hung near any substance containing sulphur, such as rubber or ordinary manila or kraft wrapping paper. Gold bullion lace should be cleaned by an experienced tailor although liquid nontoxic preparations and certain liquid cleaners available commercially may be used if applied according to manufacturer's instruction.

d. Metal Insignia. Clean the gold filled and sterling silver rhodium finished parts of metal insignia by washing with soap and water. **Insignia will not be polished to the degree that the basic details of the standard insignia are defaced, removed, or altered in general appearance.**

2201. PERSONAL APPEARANCE. Because it is impossible to provide examples of every appropriate or unacceptable hairstyle of "conservative" or "eccentric" grooming, the good judgement of leaders at all levels is key to enforcement of Navy grooming policy. Therefore, hair/grooming standards while in uniform shall present a neat, professional appearance.

1. HAIR

a. Men. Keep hair neat, clean and well groomed.

Hair above the ears and around the neck shall be tapered from the lower natural hairline upwards at least 3/4 inch and outward not greater than 3/4 inch to blend with hairstyle. Hair on the back of the neck must not touch the collar. Hair shall be no longer than four inches and may not touch the ears, collar, extend below eyebrows when headgear is removed, show under front edge of headgear, or interfere with properly wearing military headgear. The bulk of the hair shall not exceed approximately two inches. Bulk is defined as the distance that the mass of hair protrudes from the scalp. Hair coloring must look natural and complement the individual. Faddish styles and outrageous multicolored hair are not authorized. The unique quality and texture of curled, kinked, waved, and straight hair are recognized, and in some cases the 3/4 inch taper at the back of the neck may be difficult to attain. In those cases hair must present a graduated appearance and may combine the taper with a line at the back of the neck. **One** (cut, clipped or shaved) natural, narrow, fore and aft part is authorized. Varying hairstyles, including afro, are permitted if these styles meet the criteria of maximum length and bulk, tapered neck and sides, and do not interfere with properly wearing military headgear. Plaited or braided hair shall not be worn while in uniform or in a duty status. Keep sideburns neatly trimmed and tailored in the same manner as the haircut. Sideburns shall not extend below a point level with the middle of the ear, shall be of

even width (not flared) and shall end with a clean shaven horizontal line. <Figure 2-2-1> refers. "Muttonchops", "ship's captain", or similar grooming modes are not authorized.

b. Women. Hairstyles shall not be outrageously multicolored or faddish, to include shaved portions of the scalp (other than the neckline), or have designs cut or braided into the hair. Hair coloring must look natural and complement the individual. Haircuts and styles shall present a balanced appearance. Lopsided and extremely asymmetrical styles are not authorized. Ponytails, pigtails, widely spaced individual hanging locks, and braids which protrude from the head, are not authorized. Multiple braids are authorized. Braided hairstyles shall be conservative and conform to the guidelines listed herein. When a hairstyle of multiple braids is worn, braids shall be of uniform dimension, small in diameter (approx. 1/4 inch), and tightly interwoven to present a neat, professional, well groomed appearance. Foreign material (i.e., beads, decorative items) shall not be braided into the hair. Short hair may be braided in symmetrical fore and aft rows (corn rowing) which minimize scalp exposure. Corn row ends shall not protrude from the head, and shall be secured only with inconspicuous rubber bands that match the color of the hair. Appropriateness of a hairstyle shall also be judged by its appearance when headgear is worn. All headgear shall fit snugly and comfortably around the largest part of the head without distortion or excessive gaps. Hair shall not show from under the front of the brim of the combination hat, garrison, or command ball caps. Hairstyles which do not allow headgear to be worn in this manner, or which interfere with the proper wear of protective masks or equipment are prohibited. When in uniform, the hair may touch, but not fall below a horizontal line level with the lower edge of the back of the collar. With jumper uniforms, hair may extend a maximum of 1-1/2 inches below the top of the jumper collar. Long hair, including braids, which fall below the lower edge of the collar shall be neatly and inconspicuously fastened, pinned, or secured to the head. No portion of the bulk of the hair as measured from the scalp will exceed approximately 2 inches. <Figure 2-2-2> refers. A maximum of two small barrettes/combs/clips, similar to hair color, may be used in the hair. Additional bobby pins or rubber bands matching hair color may be used to hold hair in place, if necessary. Fabric elastics bands are not authorized. Hair ornaments shall not present a safety or FOD (Foreign Object Damage) hazard. Hair nets shall not be worn unless authorized for a specific type of duty.

2. SHAVING AND MUSTACHES (Men). The face shall be clean shaven unless a shaving waiver is authorized by the Commanding Officer per <BUPERSINST 1000.22>. Mustaches are authorized but shall be kept neatly and closely trimmed. No portion of the mustache shall extend below the lip line of the upper lip. It shall not go beyond a horizontal line extending across the corners of the mouth and no more than 1/4 inch beyond a vertical line drawn from the corner of the mouth. The length of an individual mustache hair fully extended shall not exceed approximately 1/2 inch. <Figure 2-2-1> refers. Handlebar mustaches, goatees, beards or eccentricities are not permitted. If a shaving waiver is authorized, no facial/neck hair shall be shaved, manicured, styled or outlined nor exceed 1/4 inch in length. **Supervisors of individuals with shaving waivers shall actively monitor and ensure treatment regimen is followed.** The following personnel are not authorized to wear any facial hair except for valid medical reasons:

- a. Brig prisoners.
- b. Brig awardees.
- c. Personnel in a disciplinary hold status (i.e., who are serving restriction or hard labor without confinement or extra duties as a result of a court-martial or NJP).
- d. Personnel assigned to a transient personnel unit who are awaiting separation:
 - (1) By reason of a court-martial sentence.
 - (2) To benefit the service <(MILPERSMAN 1910-164)>.
 - (3) Pursuant to the recommendation or waiver of an administrative discharge board, for misconduct <(MILPERSMAN 1910-140)>.

3. HAIRPIECES. Wigs or hairpieces shall be of good quality and fit, present a natural appearance and conform to the grooming standards set forth in these regulations. They shall not interfere with the proper performance of duty nor present a safety or FOD (Foreign Object Damage) hazard.

a. Men. Wigs or hairpieces may be worn by active duty personnel while in uniform or duty status only for cosmetic reasons to cover natural baldness or physical disfigurement. Wigs may be worn by Naval Reserve personnel engaged in inactive duty for training.

b. Women. Wigs or hairpieces meeting women's grooming standards are authorized for wear by personnel while in uniform or duty status.

4. COSMETICS (Women). Cosmetics may be applied in good taste so that colors blend with natural skin tone and enhance natural features. Exaggerated or faddish cosmetic styles are not authorized with the uniform and shall not be worn. Care should be taken to avoid an artificial appearance. Lipstick colors shall be conservative and complement the individual. Long false eyelashes shall not be worn when in uniform.

5. FINGERNAILS

a. Men. Fingernails shall not extend past fingertips. They shall be kept clean.

b. Women. Fingernails shall not exceed 1/4 inch measured from the fingertip. They shall be kept clean. Nail polish may be worn, but colors shall be conservative and complement the skin tone.

6. JEWELRY. Conservative jewelry is authorized for all personnel and shall be in good taste while in uniform. Eccentricities or faddishness are not permitted. Jewelry shall not present a safety or FOD (Foreign Object Damage) hazard. Jewelry shall be worn within the following guidelines:

a. Rings. While in uniform, only one ring per hand is authorized, plus a wedding/engagement ring set. Rings are not authorized for wear on thumbs.

b. Earrings

(1) Men. Not authorized while in uniform. Additionally, earrings are not authorized in civilian attire when in a duty status or while in/aboard any ship, craft, aircraft, or in any military vehicle or within any base or other place under military jurisdiction, or while participating in any organized military recreational activities. When considered appropriate by the prescribing authority under article 7201.2, earrings may be prohibited while in foreign countries.

(2) Women. One earring per ear (centered on earlobe) may be worn while in uniform. Earrings shall be 4mm - 6mm ball (approximately 1/8 - 1/4 inch), plain with shiny or brushed matte finish, screw-on or with posts. Gold for officers/CPOs, and silver for enlisted personnel.

Small single pearl earrings are authorized for wear with Dinner and Formal Dress uniforms.

c. Body Piercing. Not authorized while in uniform. No articles, other than earrings for women specified above, shall be attached to or through the ear, nose, or any other body part. Additionally, body piercing is not authorized in civilian attire when in a duty status or while in/aboard any ship, craft, aircraft, or in any military vehicle or within any base or other place under military jurisdiction, or while participating in any organized military recreational activities. When considered appropriate by the prescribing authority under <article 7201.2>, body piercing may be prohibited while in foreign countries.

d. Necklaces/Choker. While in uniform, only one necklace may be worn and it shall not be visible.

e. Wristwatch/Bracelets. While in uniform, only one of each may be worn. Ankle bracelets are not authorized while in uniform.

There is no minimum number of uniforms required to be in their possession. Sufficient quantities of uniform items shall be procured and maintained to ensure high standards of personal hygiene and appearance. Because of high visibility in leadership positions, high standards of neatness and cleanliness are expected and must be maintained.

2. UNIFORM REQUIREMENTS (E6 AND BELOW). Initial uniform requirements for enlisted personnel will be provided at the Recruit Training Center. Initial issue of clothing articles to meet enlisted personnel uniform requirements shall comply with DoD Directive 1338.5 and DoD Instruction 1338.18 (Armed Forces Clothing Monetary Allowance Policy and Procedures). Individuals are responsible for properly maintaining uniforms appropriate to assigned duties. Minimum numbers of uniform components required are listed in <Tables 3-1-1 and 3-1-2>.

3. AUTHORIZED FABRICS. Only those fabrics which are approved by the Chief of Naval Operations are authorized for the manufacture of naval uniforms. Approved fabrics are listed <Table 3-1-3>.

4. INSPECTIONS. Commanding officers shall require clothing of all E1/E2/E3 personnel to be inspected at regular intervals to insure that each person possesses the required seabag. Clothing of petty officers (E4/E5/E6) may be inspected on an individual basis as appropriate. Only those items listed in <Tables 3-1-1 and 3-1-2>, may be required for uniform seabag

inspection. Prior to transfer to another ship or station the seabag of all E1/E2/E3 personnel shall be inspected and the individual shall be required to have at least the items and quantities indicated in <Tables 3-1-1 and 3-1-2>.

5. OWNERSHIP MARKINGS

a. Stencil. Uniform components of E1-E6 personnel shall have ownership markings. Markings shall be a stencil consisting of owner's surname and last four digits of owner's social security number placed inside the garment as outlined in Section 5 of this Chapter, unless directed otherwise. Stencil letters shall be approximately 3/8 inch high blocked letters. Markings shall be black on white uniforms, and white on blue uniforms. Blue utility shirts shall be marked in black. Blue working jackets and utility trousers shall be marked in white.

b. Embroidery. Embroidered letters on utility shirts, utility trousers and blue working jackets shall be approximately 1/2 inch high blocked letters. Embroidered letters on Navy coveralls shall be approximately 3/4 inch high blocked letters. Name/breast insignia tape shall match color and fabric as uniform component and shall be the length of the width of the pocket. Blue utility shirts (refer to articles <3501.45c> and <3501.48c>) shall be embroidered in black. Blue working jackets (refer to article <3501.31c>) and utility trousers (refer to articles <3501.71c>, <3501.93c> and <3501.96c>) shall be embroidered in white. Coveralls (refer to article <3501.18c>) shall be embroidered in gold for officers and CPOs and silver for E6 and below.

6. U.S. NAVY EMBROIDERED TAPES. Navy coveralls and utility uniform are required to have U.S. NAVY tape worn approximately 1/4 inch, centered side to side, over the wearer's left breast pocket. The length of the embroidered tape, size of lettering and color shall be in accordance with article 3101.5b.

7. TRANSFER OF CLOTHING. No transfer or exchange of an enlisted person's uniform clothing shall be made without the commanding officer's authorization. When such transfers or exchanges are authorized, or when clothing belonging to deserters is sold, on the inside of the garment as outlined in Section 5 of this chapter, the name of the former owner shall be obliterated with a red "D.C." (discarded) stamp. Purchaser's name shall be placed above, below, or next to it.

8. RESTRICTIONS. All naval personnel shall maintain required uniforms and are forbidden to wear other than the authorized uniform or insignia of their respective grade, corps, or rating, or to wear decorations, medals, badges, or ribbons in any way other than that prescribed.

9. NON-AVAILABILITY OF WOMEN'S UNIFORM ITEMS. Navy Uniform Shops and Ships' Stores are available to order "special fit" uniforms for women. In the event that special ordering uniform items is not practical, Navy women are authorized to wear the following male uniform items.

- Outergarments, including overcoat, all-weather coat, peacoat/reefer, jackets and sweaters
- Shoes (service and safety)
- Rating Badges
- Navy Coveralls
- Belts and Buckles
- Utility Shirts and Trousers
- Working Khaki Shirts and Trousers

The wear of these items is optional and they may continue to be worn as long as serviceable. Wear of khaki and utility uniforms require the shirt/trousers combinations to match in order to maintain proper gig line, i.e. men's shirt with men's trousers and women's shirt with women's trousers.

f. There are two types of "attachments" for ribbons - "individual" attachments or "single-constructed" (two or more devices manufactured together). When individual attachment(s) is affixed to the ribbon, the attachment(s) will be equally spaced on the ribbon. If a single-constructed attachment is used, it will be centered on the ribbon. If a single-constructed attachment is used on one ribbon, it will be used on all ribbons worn.
