APPENDIX D

EDUCATION

1. GENERAL

a. Information concerning educational achievement is maintained in the automated record of each officer to assist in officer distribution and career planning functions. The system for reporting and recording education, including Navy-sponsored and other Navy officer education programs, is described below to provide guidance to activities and individuals responsible for the submission of reports. Codes and definitions are also published in this part of the manual to provide the means to interpret educational data transmitted in ADP reports, including the Officer Data Card.

b. Appendix C should be consulted for information concerning the reporting and recording of training undertaken at SERVICE SCHOOLS.

2. REPORTING EDUCATIONAL ACHIEVEMENT

a. Responsibility. Formal education, from less than high school through doctor level, is classified initially from information submitted on the Officer Qualifications Questionnaire (NAVPERS 1210/5) (formerly NAVPERS 309) completed by the individual officer at the time of appointment to officer status. In addition, complete academic transcripts are provided to the Chief of Naval Personnel (PERS-333) by certain officer commissioning programs; viz., U. S. Naval Academy Graduates, NROTC Scholarship and College Program Graduates, Officer Candidate Graduates, and Aviation Officer Graduates. After this initial input to the officer's record, the reporting of changes in educational data becomes the responsibility of:

(1) The Superintendent of the Naval Postgraduate School (NPGS) if education is completed as a result of orders to duty under instruction at Monterey or at civilian educational institutions under the auspices of the Navy's graduate education program. A student who has attended a civilian institution under Navy-sponsorship is responsible for notifying the Superintendent, NPGS of the exact date a degree is conferred if this date is after the student has been detached from that institution. The Superintendent, NPGS compiles data on all Navy-sponsored graduates and submits a report to the Chief of Naval Personnel (PERS-333) biannually or more frequently if necessary.

(2) The individual officer as courses and/or degree programs are completed through off-duty study, including tuition aid programs, or other on-duty degree completion and scholarship programs.

b. Procedures for Reporting

(1) The Superintendent, NPGS submits educational achievement data by computer printout. In addition, NPGS provides transcripts to CHNAVPERS for the Officers' Microfiche Record.

(2) Active duty officers are required to submit a brief letter report to the Chief of Naval Personnel (PERS-333) when, through voluntary off-duty study or on-duty study other than in the Navy graduate education program, an additional degree is acquired or sufficient credits are earned to change the educational level. See criteria under LEVELS OF EDUCATIONAL ACHIEVEMENT. The letter report should include the name and location of the school, the dates attended, the major field of study, the level attained, and the title of the degree if any, and, in the case of graduate study, the subspecialty code requested (Refer to Volume I). An official academic transcript (or in the case of Organized Occupational Programs (non-degree), a Document certifying completion), free of annotations except for the addition of the officer's social security number and designator, must accompany any request for change of educational level. If photographic copies are submitted, they should be legible and complete. It should be noted that if credits are to be counted cumulatively, the transcript from the last school attended must show acceptance of credit earned previously at other schools. Educational institutions differ in their policies and they may not grant credit depending on the type of course completed, the student's objectives, and the educational background. Evaluation sheets indicating the amount of credits that would be granted upon enrollment in a specific school cannot be substituted for an official academic transcript nor be used to assign education level. Correspondence courses will not be recognized in determining educational level unless they are accepted for credit on a transcript of resident college courses. Transcripts are essential because they provide refinements not available in automated reports, including titles of courses taken, credits accepted or earned, grades received, and titles of degrees awarded. The guidelines set forth here are not meant to preclude the submission of transcripts or grade reports of additional education when a change of level, as defined in the manual, is not involved. Reporting of any training that enhances career potential is encouraged.

(3) When a baccalaureate degree is earned, officers (less limited duty officers and chief warrant officers) will send a copy of the letter report and transcript required above to the Superintendent (Code 0145), Naval Postgraduate School, Monterey, CA 93940, for assignment of a graduate Academic Profile Code (APC). Limited

duty officers and chief warrant officers are not assigned APC Codes; however, they are required to submit the letter report and transcript to PERS-333 as required in Paragraph 2.b.(2).

(4) Inactive duty officers should report educational changes on the Annual Qualifications Questionnaire - Inactive Duty Reserve Officer (NAVPERS 1210/2) and submit transcripts to the Chief of Naval Personnel (PERS-333). The transcripts should include the officer's social security number and designator, and be labeled "Inactive Duty Officer."

3. RECORDING EDUCATIONAL ACHIEVEMENT

a. Active Duty Officers. Education in five major fields and levels of study may be recorded. If an officer achieves more than five levels of education (as defined in the manual) (baccalaureate level and higher), an exception indicator "Y" is carried in the automated record. A "Y" is also carried to indicate validation of information reflected in automated records when levels shown appear to be of a conflicting nature.

b. Inactive Duty Officers. One major field of study is recorded which is the highest level of education. If there are two fields at the same level, the most recent is recorded, except that Navy-sponsored study takes precedence over other study at the same level.

c. Integral Parts of the Educational Achievement Code. The educational achievement code has seven integral parts:

(1) Name of School. A maximum of ten letters is used to indicate the name of the school attended. School names are recorded when education is above high school level. "NONE" is shown for school name when recording less than high school and high school level of education. See INSTITUTIONS OF HIGHER EDUCATION, for school names, abbreviations, and information concerning accreditation.

(2) Year Completed. Two digits are used to indicate the year the degree or certificate was awarded, or the last year of attendance. No year date is recorded for less than high school or high school level of education.

(3) Number of Months. Two digits are used to indicate the duration of an educational program, in increments of months. Duration is shown for certain Navy-sponsored graduate programs only.

(4) Sponsor. A one-letter code is used to identify certain Navy-sponsored specialized programs:

A	Immediate Graduate Education Program (IGEP) (Phased-out with 1976 graduates)
B	Junior Line Officer Advanced Educational Program (BURKE PROGRAM)
C	College Degree Program (CDP)
E	Navy Enlisted Scientific Educational Program (NESEP) (Phased-out with 1982 graduates)
G	Advanced Education Program (AEP) (Phased-out with 1996 graduates)
L	Law Education Program (LEP)
N	Navy-sponsored graduate or advanced courses
S	Scholarship Program (scholarships, fellowships, and grants)
V	Voluntary Graduate Education Program (VGEP)
Z	CNO Scholars Program (Phased-out with 1979 graduates)
(Blank)	All other Programs

(5) Level.

(a) A one-character code is used to record the level of educational achievement. The levels range from less than high school through the doctoral degree. The levels of education have necessarily been reduced to a workable number with the result that there is some arbitrary grouping.

(b) The level of education cannot be determined unless the major field of study is known. For example, when code "6" (baccalaureate or a first professional degree) is followed by a major code of "88" (law), graduate education is implied since admission to an accredited law school is normally predicated upon prior award of an undergraduate bachelor's degree. Additionally, classifying the first professional degree in law at level "6" appropriately reserves levels "8" and "9" for the Master of Laws and Doctor of Science of Jurisprudence degrees respectively. The same principle is applied to certain other first professional degrees; e.g., the Doctor of Optometry.

(c) Terms such as "Master" and "Doctor" used in degree titles are not reliable indicators of level; e.g., JURIS DOCTOR is the first professional law degree (BACH/IPRO) and the Master of Law the second (MASTER); Master of Divinity is a first professional degree (MDIV/IPRO), the Master of Sacred Theology the second (STM).

(d) Education is recorded at the level indicated by the number of credits accepted by and/or completed at each institution; therefore, in order that education completed at more than one institution be counted in a cumulative manner in establishing final level, the transcript from the last school must show acceptance of credits from prior schools. Certificate of completion of an Organized Occupational Program (non-degree) is recorded as level T only. Number of credits and years of attendance will not be considered as a factor in recording certificate programs since length of programs vary.

(e) Level of education is reflected on the Officer Data Card by abbreviation only. The codes, abbreviations, and definitions are listed beginning below.

(6) Major Field of Study

(a) A two-digit code is used to record the major field of study for certificate of completion of an Organized Occupational Program, or when an associate degree is awarded or the record indicates more than two years of college credit.

(b) Major field of study is reflected on the Officer Data Card by abbreviation, in most cases. Complete titles for major fields of study, with appropriate codes and abbreviations, are listed in this addendum.

(7) Specialization within Major Field

(a) A specialty within a major field of study is identified by a two-character code appended to the major field of study code. With few exceptions, the specialty codes are used to identify Navy-sponsored curricula.

(b) When a specialty is recorded for an officer, it is reflected on the Officer Data Card by abbreviation, in most cases. The specialties, codes, and abbreviations are listed in this addendum. It should be noted that specialties can only be used in the four-digit Major/Specialty combinations listed in MAJOR FIELDS OF STUDY (Numerically).

<u>LEVELS OF EDUCATIONAL ACHIEVEMENT</u>		
<u>LEVEL CODE</u>	<u>ABBREVIATION</u>	<u>DEFINITION</u>
0	LS THN HS	Less than high school diploma; no equivalency certificate.
1	HIGH SCHL	High School diploma or High School Level General Educational Development (GED) Certificate.
T	CERT-COMP	A document certifying completion of an Organized Occupational Program (non-degree).
		NOTE: A course of study consisting of an integrated series of required and elective courses designed to prepare students for employment in a job or cluster of occupations. Completion requires at least one but less than four years of full-time attendance, or the equivalent in part-time attendance and culminates in formal recognition that the student has completed an organized program. (Examples: Health Services, Engineering Technologies, etc.)
2	LS2YR COL	A minimum of 15 but less than 60 semester hours* of college credit in a degree program, or College Level General Educational Development (GED) Certificate; satisfactory completion of the Comprehensive College Test - General (CCT) beginning 1 Jul 1965. CCT may be referred to as the General Examinations of the Council on College Level Examinations.
3	2 YRS COL	A minimum of 60, but less than 90 semester hours* of college credit; or USAFI Educational Qualification Test 2CX (not administered after 1 January 1954).
4	3YR OR NA	A minimum of 90 semester hours* of college credit, no baccalaureate degree awarded; or an undergraduate degree from a nonaccredited school.
		NOTES: (1) A school must be accredited at the time an undergraduate degree is awarded if the degree is to be classified at level 6 - BACH/1PRO.

(2) Study in professional fields (law, medicine, etc.) is not recorded at any level if the institution offering the program is not accredited by the recognized accrediting agency for that field; however, this does not preclude the submission of reports and transcripts for inclusion in the officer's BUPERS record.

(3) Many college students apply for commissions before completing their senior year of undergraduate work. Transcripts which accompany the applications, therefore, are incomplete and the Officer Data Card, shows 3YR OR NA. If a degree has been awarded by an accredited school, a transcript should be forwarded to Chief of Naval Personnel (PERS-333) to effect a change and to complete the officer's BUPERS record.

(4) 3YR OR NA should not be construed to mean that the Navy discounts degrees from all nonaccredited schools. This is evidenced by the fact that a representative number of officers in this category have met the requirements for commissioning.

5	PG NO DGR	<p>No baccalaureate degree but completion of certain Navy-sponsored graduate education programs; or no baccalaureate but a minimum of 18 semester hours* in a master's degree program.</p> <p>NOTES: (1) PG NO DGR is used primarily for those officers who, lacking a baccalaureate degree, complete Navy-sponsored advanced studies in specialized fields. Example: A chaplain who completes a minimum of 18 hours* of graduate work in theology, yet does not possess a first professional degree in theology.</p> <p>(2) PG NO DGR is not assigned simply because graduate level courses are completed while enrolled in a baccalaureate program.</p>
6	BACH/IPRO	<p>Baccalaureate (BACH) or selected first professional (IPRO) degree. Included here are 4 or 5 year baccalaureate programs and selected professional programs which require 2 years or more of previous college work for entrance; e.g., podiatry (D.S.C., D.P.), optometry (O.D.), law (LL.B, J.D.). The major distinguishes undergraduate from advanced professional programs.</p> <p>NOTES: (1) BACH/IPRO is assigned when NPGS, Monterey has awarded a Bachelor's degree for studies in a Master's degree program but not all course work was completed.</p> <p>(2) POSTGRAD is assigned for Certificates of Completion awarded by NPGS, Monterey when all course work is completed in a Master's degree program but does not qualify for a degree.</p>
7	POSTGRAD	<p>Baccalaureate or first professional degree and a minimum of 18 credits* in a master's degree program; or a baccalaureate degree plus completion of certain advanced Navy-sponsored courses. POSTGRAD is <u>not</u> assigned to reflect partial study toward a first professional degree (law, theology, etc.) but is used when 18 credits* are earned toward a second professional degree in the same field. Example: Based on a 3-year degree program of approximately 80 credits*, a minimum of 18 credits* to one full year of law is recorded LS2YR COL; 2 years of law 2 YRS COL; 3 years of law but no degree 3YR OR NA; Bachelor of Laws BACH/IPRO and POSTGRAD is used when 18 credits* have been earned toward a Master of Laws provided the first professional degree in law (LL.B, J.D.) has been earned.</p>
8	MASTER	<p>Master's degree or selected second professional degree; e.g., law (LL.M.).</p>
R	P-MSTDGR	<p>Post-master's degree. Degrees beyond the master's level but less than doctorate; e.g., Degree of Engineer, Degree of Education Specialist, M.A.L.D. (Tufts), etc. Includes those officers who submit statements from schools indicating they have completed all work toward a doctorate except the dissertation.</p>

9 DOCTOR Doctor's degree. PH.D or equivalent in selected fields; e.g., education (Ed.D.), law (J.S.D.), library science (D.L.S.)

EXCEPTION: Because of the varied nature of theological degrees and academic requirements established by the various faith groups, an additional education level coding system is established for recording education achievement of Chaplain Corps Officers only. Degrees in Theology are recorded as follows:

<u>CODE</u>	<u>ABBREVIATION</u>	<u>TITLE</u>
A	MA/1PRO	Master of Arts
B	BD/1PRO	Bachelor of Divinity
C	STL/1PRO	Theology/Sacred Letters
D	MDIV/1PRO	Master of Divinity
G	THM	Master of Theology
H	STM	Master of Sacred Theology
F	DMIN	Doctor of Ministry
K	THD	Doctor of Theology
L	STD	Doctor of Sacred Theology

Level 7 (POSTGRAD) and level R (P-MSTRDGR) are used to record advanced studies in Theology when the next higher degree, as outlined above, has not been attained. Level 6 (BACH/1PRO), level 7 (POSTGRAD), level 8 (MASTER), level R (P-MSTRDGR) and level 9 (DOCTOR) will continue to be used for the recording of Non-Theological degrees.

NOTE: Levels BACH/1PRO, POSTGRAD, MASTER, P-MSTRDGR, and DOCTOR are assigned only if earned at institutions accredited by a nationally recognized regional accrediting association or a nationally recognized agency which accredits professional or technical schools.

*Units of credit may be earned and reported as semester hours or quarter hours; to change quarter hours to semester hours multiply by 2/

MAJOR FIELDS OF STUDY
(Numerically)

Major fields of study are indicated by a two-digit code. Majors are recorded for certificate of completion of Organized Occupational Program, Associate degrees, and more than two years of college credit. To identify specific Navy-sponsored curricula, major codes are used in conjunction with specialty codes listed under Specializations within Major Fields section. In the following list of majors, the specialty codes have been appended to the major codes when they are an integral part of the code for a given field of study. "(N)" indicates the field of study is or has been a Navy-sponsored graduate education program; "(N)**" indicates the education code may be used when the field of study is other than Navy-sponsored. (NOTE: n.e.c. denotes not elsewhere classified)

SPECIALIZATIONS WITHIN MAJOR FIELDS
(Listed Numerically)

CODE ABBREVIATION DEFINITION

Specializations or elective sequences within major fields of study are identified by a two-character code which is appended to the major code. With few exceptions, specialty codes are used to identify Navy-sponsored curricula.

NAVY-SPONSORED GRADUATE EDUCATION PROGRAMS FOR COMMISSIONED OFFICERS

Navy-sponsored graduate education programs are offered to commissioned officers at the Naval Postgraduate School, Monterey, CA, and/or at various civilian institutions throughout the country. At civilian institutions, administration of officer students in matters concerning education is exercised by the Superintendent of the Naval Postgraduate School through the Commanding Officer of the NROTC Unit, or through the Senior Officer Student at those institutions where no NROTC Unit is established.

Information concerning advanced curricular programs is taken from applicable directives, the Catalogue of the Naval Postgraduate School, and from the catalogues of the civilian institutions concerned. Students may receive undergraduate and/or graduate degrees provided they meet the requirements established by the institutions conducting the instruction. Information concerning student progress and graduation reports are submitted to the Chief of Naval Personnel (PERS-333) by the Superintendent of the Naval Postgraduate School.

Qualification	
(Leads to a Bachelor's Degree in Civil Engineering and appointment in the Civil Engineering Corps (CEC). Prior to 1949 the course led to a Master's Degree. From 1949 to 1951 the course was given in two parts: Qualification (bachelor) and Equalization (master). Since 1954 advanced courses have been assigned specialty codes as shown.)

* <u>General Line and Baccalaureate Curricula</u>	
Bachelor of Science or Arts Curriculum, no designated major (Phased out during 1974-75)	3500
(This program was for officers with acceptable advanced standing which could be applied toward completion of a one or two calendar year prescribed course of study resulting in a Bachelor of Science or Bachelor of Arts degree. Those who completed the requirements for a designated major, as indicated on a graduation report submitted by Monterey, were assigned the appropriate major and specialty codes rather than 3500.	
Beginning with March 1965 graduates, officers in designator category 1310 completed the Aviation Safety Course as a part of this undergraduate curriculum, and were assigned Service School Code 205 in addition to major and specialty codes.)

INSTITUTIONS OF HIGHER EDUCATION

1. On the following pages are listed institutions of higher education which have been attended by Navy officers. The list of institutions is presented in three parts: (1) an alphabetical listing by ADP abbreviation of the current names; (2) an alphabetical listing by former name or name prior to a merger with, or absorption by, another institution; and (3) an alphabetical listing by name of nonaccredited law schools.

2. Institutions accredited by a nationally recognized regional accrediting association (except those accredited only as two-year institutions and most foreign institutions) are indicated by an asterisk. The year of initial accreditation is given when available. Institutions not accredited by a nationally recognized regional accrediting association but accredited by one or more of the nationally recognized agencies which accredit professional or technical schools or departments (except those only offering a two-year program and most foreign institutions) are indicated by the following symbols:

(Arch)	National Architectural Accrediting Board
(Art)	National Association of Schools of Art and Design
(Bible)	American Association of Bible Colleges
(S Bus)	American Assembly of Collegiate Schools of Business
(Dent)	American Dental Association
(Law)	American Bar Association
(Med)	Liaison Committee on Medical Education
(Music)	National Association of Schools of Music
(NATTS)	National Association of Trade and Technical Schools
(Opt)	American Optometric Association
(Osteo)	American Osteopathic Association
(Pharm)	American Council on Pharmaceutical Education
(Pod)	American Podiatric Medical Association
(Theol)	Association of Theological Schools in the United States and Canada

3. The above symbols are not used when an institution is accredited also by a nationally recognized regional accrediting association. Degrees from schools currently accredited by a nationally recognized regional accrediting association (identified with an asterisk(*)) which were previously accredited by a nationally recognized agency for professional or technical schools, will be recorded as fully accredited degrees regardless of date of completion or graduation. When no accreditation is indicated for a school or college that is a part of an institution identified with an asterisk, this may mean that the school or college is included in the accreditation of the institution of which it is a part, that it provides only a two-year program, or that it is not accredited. For interpretation of other symbols (abbreviations) used in the following lists, see Legend in paragraph 8.

4. Certain baccalaureate degrees awarded by schools not accredited in accordance with the information above are recorded by education level code 4. Institutions must be fully accredited at the time of attendance in order for education to be recorded at a level higher than 4. See paragraph 7.

5. Generally, education pursued in nonaccredited professional schools (law, medicine, etc.) is not recorded in automated records. For example, law education is not recorded unless, at the time of completion, the school was on the approved list of American Bar Association. See paragraph 7.

6. Authoritative directories and criteria prepared by the National Center for Education Statistics, U.S. Department of Education; the Council on Postsecondary Accreditation, American Council on Education; and/or by nationally recognized accrediting agencies for professional programs are used by the Chief of Naval Personnel to determine the accreditation status of institutions of higher education.

7. In the system used for recording levels of education, it is emphasized that the levels have been established and defined to satisfy the Navy's need for automated personnel data. Regardless of accreditation, source documents, and transcripts reflecting educational achievement and initiative should be submitted to the Chief of Naval Personnel for filing in the BUPERS official officer personnel microfiche record so that the information will be available to members of screening boards and assignment officers.

8. Legend. In order to conserve space, terms frequently used in the following list of institutions are abbreviated. The abbreviations are interpreted as follows:

Acad - Academy
Admin - Administration
Aero - Aeronautical or Aeronautics
Agric - Agricultural
Arch - Architecture
Br - Branch or Branches
